Class Mixing Policy

Rationale

- To create opportunities for children to learn and play with a wider variety of peers
- To enable greater social interaction between children as they move through the school
- To ensure that the classes remain balanced in response to pupil transfer and transition during phases
- To promote a greater sense of community in a large two-form entry primary school

Principles

- The arrangements for class mixing are based on the professional judgements of Class Teachers, the Phase Leader and the Headteacher
- We will always consider what is in the best interests of individual children and classes as a whole when making decisions.
- We will communicate the criteria for class mixing in an open and transparent way
- We will always consider the happiness and welfare of the children and will take into consideration existing friendship groups when we create new classes

The process:

- Class Teachers and Teaching Assistants observe the children's friendships at work and play
- Class Teachers meet to ensure a good balance of friendships, range of educational, social and personal needs, gender and maturity are represented in each class
- Phase Leader meets with Class Teachers to discuss and finalise groupings
- Headteacher and Senior Leadership Team meet and approve classes
- New Classes are shared with parents and children in July when end of year reports are published.

Criteria for Class Mixing

- Classes will be mixed to achieve a good balance according to the following criteria:
- Gender
- Range of educational, social and personal needs
- Level of maturity
- Friendships*

*Friendships

Over the course of their Primary years children will have a range of friendship experiences. We find that some friendships can be very fluid, whilst others can stand the test of time. With that in mind and as we prepare to draw up the class lists we will use observations of the children in the classroom and at play to inform our decision making.
